### Narrative

Vendors are required to thoroughly review both RFPs and bid them separately as separate projects as per the RFP. We are applying for ERate Funding 1. to provide 10GB networking connections to our schools, within our schools as well as upgraded switch port connectivity to our classrooms. 2. To provide 802.11ac wireless internet access within our schools. Questions related to the RFPs must be made in writing via email to [techrfp@moorheadschoools.org](mailto:techrfp@moorheadschoools.org). All questions and answers will be posted publicly at: <http://www.moorheadschoools.org/rfp>. All quantities are approximate. Preferred brands are listed but we are willing to accept proposals that are functionally equivalent. See RFPs. The dropdown choices are so vague that it is critical that the RFPs be used as the source of our request. Since some of the components would be considered "cabling and connectors" and that option isn't given in the dropdown choices, we included the request under both categories. We are also seeing licenses, support, installation, activation and configuration. The RFPs clearly indicate the request for licenses and support.
