Special Education Rules and Regulations

Administrative Procedure: 632.1

Date Adopted: 01/11/1994

Date Reviewed: 05/14/2012

Section: 600 Education Programs

Date Revised: 05/14/2012

School districts within Minnesota are required to follow numerous federal and state regulations regarding the provision of special education services. These rules and regulations are entitled "Total Special Education Systems (TSES)."

Efforts to communicate these rules and regulations to school staff and others are as follows:

1. The Total Special Education System (TSES) will be available on the Moorhead Area Public Schools Extranet in the Learner Support Services section. If a format other than the website is needed, a request will be made to the Director of Learner Support Services.
2. Questions regarding any of the rules and regulations of special education may be answered by referencing the TSES or conferring with a building administrator, a district special education facilitator, a central office administrator and/or the Director of Learner Support Services.
